DIGEST SHEET

TITLE OF ORDINANCE: SPECIAL

DEPARTMENT REQUESTING ORDINANCE: PURCHASING

SYNOPSIS OF ORDINANCE:

J-87-03-35

An ordinance approving the award of reference #809 for the purchase of Construction Material (duo solid sleeves, tapping sleeves, tapping valves, cut-in-sleeves and cut-in-valves) to Tri State Plumbing, Underground Pipe and Valve and Water Products for the Water Maintenance and Service Department.

EFFECT OF PASSAGE:

Cut-in-sleeves and valves allow the Department to install new or replace old valves with a minimum amount of labor. Duo-sleeves fit old larger sand cast pipe, tapping sleeves and valves allow the connection of new, large services to our system without shutting off the water.

EFFECT OF NON-PASSAGE:

Without cut-in-sleeves the cost of installing new or replacing old valves would increase considerable. Without tapping sleeves and valves we would have to shut off the water main affected, thus increasing cost and inconvenience to existing customers.

MONEY INVOLVED (Direct costs, Expenditures, Savings):

| | |
|--------------------------|-----------------|
| Tri State Plumbing | \$ 8,519.00 +/- |
| Underground Pipe & Valve | \$11,985.00 +/- |
